

## 三信家商暨類科簡介(僑生招生專區)

### ●The Introduction of San-Sin

San - Sin High School of Commerce and Home Economics was founded in 1958. The student population numbers are 2200(including oversea students 500);and the number of the faculty and staff is 150. More than 150,000 alumni have graduated from our school.

Also, San-Sin has excellent evaluation and a great reputation for its outstanding achievement in education. San - Sin is located in the center of Kaohsiung city which is very convenient to all kinds of transportation.

We started up overseas program 6 years ago , aiming to catch up the trend of international education, in line with the spirit of current Taiwan's 12-year educational policy.

According to “The New Southbound Policy” , we have recruited overseas students to participate in “Rotary Co-operative

3 +4Education Program” . We take good care of students day and night . Our reasonable and strict management , professional training procedure (by tutors and senior students) have won recognition for overseas Chinese and schools.

### ●Highlights

We help cultivate human resources for the overseas countries

to enhance economic performances and pass down professional skills. This 3+4 program aims to improve the issue of human resources for industry ,and upgrade industrial technology locally. For overseas Chinese students studying in Taiwan and planning their careers, the school features are as follows:

1. Integration of school education and working experience(3-month studying at school and 3-month training in workplace. ) and obtain high school diploma.
2. Developing and learning skills (such as Chinese culinary , Baking , Drinks Modulation Practice , Catering and tourism service , computer software and web design test ……etc.) .
3. We guide overseas students to obtain the government-issued technician certificate.
4. Tuition is subsidized by Taiwan government. Earn salary income to make self-sufficiency through internship oppoutunities. (Salary income NT\$25, 250 per month , at least 17 months during 3 years. )
5. Help our students directly apply for university after education. (3+4 program)
6. Provide generous scholarships to encourage diligent students
7. One can return to home country to start a business .
